

Greetings 2024 International CHRIE Annual Summer Conference Attendees,

We are extremely grateful for your support of International CHRIE and the 2024 International CHRIE Annual Summer Conference. We look forward to gathering in Montreal to celebrate innovative pathways to education, research, sustainability, and teaching.

We want to offer you a special opportunity to serve as a moderator for a paper presentation for this year's summer conference!

Serving as a moderator is an excellent opportunity to get involved, to meet presenters, to make new connections, and to help facilitate the effective functioning of the entire conference. Faculty and graduate students are encouraged to get involved and represent their university!

Please note, that individuals must be both a current member of ICHRIE and registered for the 2024 International CHRIE Annual Summer Conference to moderate a conference session.
